

# AMERICAN GOLD SPORTS ALLIANCE

## MARCH 2022 NEWSLETTER

### SPREAD THE LOVE

We are feeling very lucky here at the American Gold Sports Alliance! As the weather starts to get warmer, we are very excited to start welcoming in spring sports! Make sure to get outside whenever you have a rare moment when there's no snow or rain! We know that you are all working hard and preparing for spring sports, while still finishing up the winter season, however, we are more than ready for some warmth and sunshine! Keep working hard everybody and keep your fingers crossed for nice weather.

### ● SID CAESAR TO COACH GIRLS LACROSSE

I have accepted the position as the Girls Varsity Head Coach at Richard Montgomery High School. I have a wonderful team of student-athletes and engaged group of parents. The positive atmosphere and commitment to academics at Richard Montgomery will enhance my ability to build strong and confident young athletes who will excel in the classroom- as well as on the field.

### ● LOOKING FOR AN INTERNSHIP?

The American Gold Sports Alliance is looking for new interns! We have positions open in our marketing, partner relations, and sales departments. The internships are remote, have flexible hours, and can be used for school credit! Email Tara Miller at [info@agsa.org](mailto:info@agsa.org) for more information!

### A NOTE FROM PRESIDENT SID CAESAR

I was mesmerized by the new Monobob event at the Olympics. It was amazing to see Kaillie Humphries and Elana Meyers Taylor become the first women ever to medal, gold and silver, respectively, at the inaugural Olympic monobob event.

Every day, we get one step closer to the next Olympic competition, in 2024 in Paris, France. The Los Angeles Olympic Games are in 2028. Will you be ready?
